## PROFESSIONAL SUMMARY

I am a Full Stack Developer with over 4 years of experience in creating engaging digital experiences. Proficient in both frontend and backend technologies, I specialize in modern web development and mobile apps using Flutter. Passionate about AI, I continually update my skills to integrate cutting-edge technologies into my projects. My dedication to user-centered design and strong problem-solving skills ensures impactful, high-quality results.

## PROFESSIONAL EXPERIENCE

### Senior Full Stack Developer

Nezler Technologies

*Bhubaneswar, Odisha*

*May 2023 – April 2024*

- **Managed** the tech department, overseeing and delivering client projects.
- Conducted research for **product development** to align with organizational goals and market trends.
- Designed **user interfaces** before development to ensure visually appealing and functional designs.
- **Developed** and **maintained** complex web applications using **React, Node.js, PHP, WordPress, HTML, MySQL and PostgreSQL**.
- Integrated **third-party APIs** to enhance application functionality.
- Provided **technical support** and resolved client issues.

### Senior Full Stack Developer

Cret Studio

*Chennai, Tamil Nadu,*

*Dec 2022 – May 2023*

- **Delivered** web-based solutions using **HTML, CSS, JavaScript, React, Node.js, and PHP**.
- Collaborated with design and marketing teams to ensure **optimized UX and SEO**.
- **Led junior developers** and utilized Agile methodologies for timely delivery.
- Provided **technical support** and resolved client issues.

### Full Stack Developer

BookingJini

*Bhubaneswar, Odisha*

*Dec 2021 – Nov 2022*

- Built **custom hotel websites** and integrated online booking engines.
- Delivered high-quality, functional websites using **frontend and backend** technologies.
- Provided **technical support** and maintenance to ensure smooth website operation.
- Delivered web-based solutions using **HTML, CSS, JavaScript and PHP**.

## Full Stack Developer

Fintore India LLP

Hyderabad, Telangana

Dec 2021 – Nov 2022

- **Designed** and **developed** web-based financial solutions.
- Collaborated with cross-functional teams to **build scalable and secure** applications.
- Delivered high-quality, functional websites using **frontend and backend** technologies.
- Provided technical support and maintenance to ensure smooth website operation.
- Designed Fintore's website and **implemented the dashboard** for client / internal use.
- **Developed** and **maintained** complex web applications using **React, Node.js, PHP, WordPress, HTML, MySQL and MongoDB**.

## RECENT PROJECTS

---

### Paytm Wallet Clone

Developed a **Paytm wallet** clone that allows users to add money to their wallet from their bank account, view transaction history, and send money to other users. The application ensures **secure and efficient** handling of transactions.

- Implemented a robust transaction system using **Next.js and PostgreSQL**, ensuring seamless money transfers and transaction history management.
- Developed a **webhook using Node.js and Express** to integrate with bank servers. This webhook handles successful payment notifications from bank servers, updating user wallets.
- Utilized **Prisma** for efficient database management and **Turbo Repo** for optimized project structuring and code sharing.

**Tech Stack:** Next.js, Prisma, PostgreSQL, Turbo Repo, Node.js, Express

### Weather App

Developed a Weather App utilizing **React.js and React Leaflet**, enabling users to access real-time weather data based on their location. Integrated the **OpenWeatherMap** API to fetch weather information and display it in an **intuitive interface**.

- Implemented features such as **current weather** display, **location-based weather** search, and **search history tracking** for user convenience.
- Utilized **geolocation** functionality to automatically fetch the **user's current location** and display weather information accordingly.
- Implemented an **interactive map** using **Leaflet API**, allowing users to **select locations** and view weather information for selected areas.

**Tech Stack:** Next.js, Prisma, PostgreSQL, Turbo Repo, Node.js, Express

## Real-Time Video Sharing App / Peer2Peer

Developed a **real-time video sharing** application enabling users to share video and audio streams seamlessly. The application leverages **WebRTC** for **real-time communication** between two users, ensuring low-latency and high-quality video/audio transmission.

- Implemented **real-time video and audio streaming using WebRTC**, facilitating direct peer-to-peer communication.
- Developed the backend using **Node.js and Express** to manage user connections and signaling for establishing WebRTC sessions.
- Created a simple **React** component to demonstrate the functionality of real-time video and audio sharing.

**Tech Stack:** React, Node.js, Express, WebRTC

## TECHNICAL SKILLS

---

- **Frontend:** HTML, CSS, JavaScript, React, NextJS, Bootstrap, Tailwind, TypeScript
- **Backend:** Core PHP, NodeJs, Express, SQL (MySQL, PostgreSql), NoSQL, Prisma, Web Socket
- **Others:** WordPress, RESTful, APIs, GSAP, Git, ZOD, Turbo, Repo, Flutter, Docker

## ACTIVITIES & INTEREST

---

- **Attending seminars/webinars:** Regularly participate in industry-related seminars and webinars to stay updated with the latest trends and technologies in the field of software development and artificial intelligence.
- **Entrepreneurship:** Passionate about entrepreneurship, constantly exploring new business ideas and opportunities in the tech industry.
- **Networking with professionals:** Actively engage in networking with industry professionals to exchange knowledge, share experiences, and build valuable connections.

## EDUCATION

---

<b>Maharaja Institute of Technology</b> Bachelor of Technology In Computer Science Engineering	<b>Bhubaneswar, Odisha</b> <b>2017 - 2021</b>
<b>Samrat Junior Science College</b> Council of Higher Secondary Education	<b>Berhampur, Odisha</b> <b>2015 - 2017</b>
<b>Govt. High School</b> Board Of Secondary Education	<b>Malkangiri, Odisha</b> <b>2014 - 2015</b>

## ADDITIONAL INFORMATION

---

- **Languages:** Native/Professional fluency English, Hindi, Odia, Bengali
